

Romanian Christian Enterprises (RCE) Mission Trip:

Who: YOU?! Team size: up to 12

What:

- 3 or 4 days of helping with construction on RCE Village or a Poverty Prevention Family's home
- Time with children of RCE group homes (Darius House, Amy's House, Sorin's House in Pecica),
- Meet some of the Love House families who have adopted former RCE residents, or families benefitting from God's help thru RCE.
- See the beautiful city of Arad and surrounding countryside
- Enjoy delicious Romanian fare each day!

When: Saturday June 15th – Saturday June 22nd

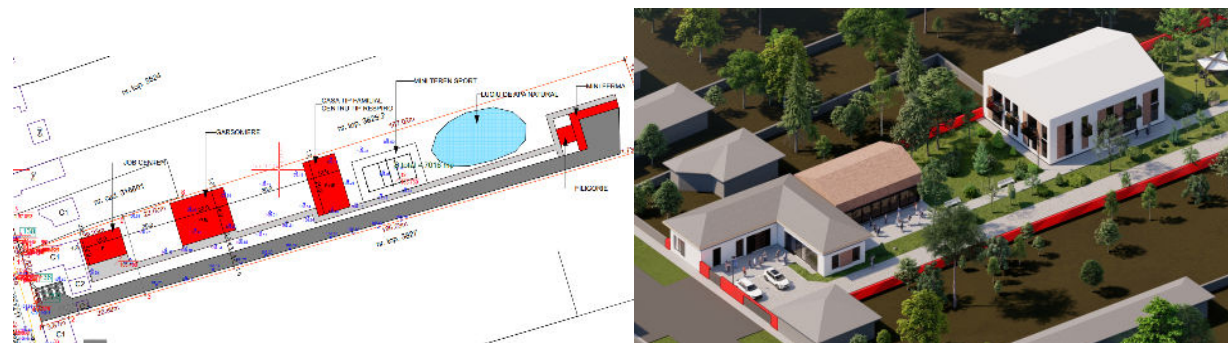

Where: Arad, Romania (flying to Timisoara, RO usually via Munich)

RCE VILLAGE

THE NEED: Some young adults with special needs remain vulnerable socially and economically; victims of continuing discrimination and marginalization in the general population. They lack community and a sense of knowing others and being known. They also have very limited vocational opportunities.

The Lord provided a wonderful property in 2023 that will become the RCE Village, where young adults with disabilities can live, work, and play and find the joy of community and belonging, of knowing others and being known. RCE closed on the property in the spring and has completed some initial master planning.

RCE hopes to have the county approvals for the master plan by June so the team can begin building its first building! Most likely it would be the Jobs Program Center in which the paper production equipment would be moved, as well as current jelly/jam production. The MPC team will assist in construction by providing labor to mix concrete and mortar, move materials, assemble rebar, etc. The team will also spend 2 days visiting RCE ministry sites and meeting the children and families RCE serves.

The estimated cost of the trip is \$2,700 per person (+/-), which includes airfare, a financial contribution towards construction, and all expenses while in Romania. The team will raise funds to help cover the cost of the trip.
