Discussion Questions

Date: June 9, 2019 | **Scripture:** Revelation 21:1-5

1. Pastor David asked in the beginning of the service “what is the idea, person, place, experience that you dream will bring you joy?” How might you answer this question?
2. Pastor David highlighted three future certainties. The first is that we will enjoy the renewal of God’s planet. There will be warm physical embraces, the best food & wine, recreation and work. How does this future hope inform how we enjoy God’s world today?
3. The second future certainty is that we will enjoy the redemption of God’s people. We will be his beautiful bride, perfected without any possibility of shame, loneliness, or fear. How does this future hope help us navigate the shame, loneliness or fear we encounter today?
4. The third future certainty is that we will enjoy the restoration of God’s presence. One day we will see what Adam, Noah, Abram, Moses and David longed to see: Our God face to face. How does this future hope inform how we enjoy God’s presence today?
5. Towards the end of the service, Pastor David mentioned the practice on meditating on the beauty of heaven. What difference do you think you would see in your life if you began this practice?

We feel God's grip
and hear his voice,
but he is not here in
the degree that he
was intended to be.
One day, someday, we
will see God face to
face. He will dwell
with us forever and
we will enjoy him
forever.
