HOW YOU CAN GET INVOLVED

PRAY

- That ACTS would be allowed to continue to minister in the nursing homes that they have access to and that the ministry would expand access to other nursing homes in the area.
- For faithfulness in sharing about Christ in nursing homes.
- For an increase in volunteers to serve in this ministry and that current ACTS staff would be strengthened and encouraged in their labors.
- For people in nursing homes who don't know Christ to be saved.

SERVE

- Reach out to Steve Brown or Hap Arnold about the next opportunity to serve with our church.

Introduction

Active Compassion To Saints (ACTS) is a lay-lead ministry started by Steve Brown and led by Hap Arnold. ACTS seeks to provide worship and fellowship for Christians, as well as share the gospel to those who do not know Jesus, at local nursing homes.

About ACTS

Mission and vision

Est. 1984

There are over 90 nursing homes within 25 miles of our church. This means there are thousands of people in our area in the latter stages of their lives—many lonely, and many without Christ. ACTS exists to reach people in local nursing homes with the love of Christ. Groups of volunteers of all ages visit local nursing homes to spend time with residents singing, praying, reading Scripture, and hearing a message of God's grace. Currently, ACTS serves at Arleigh Burke Pavilion and Regency Care Center.

Partnering to share the good news.

Est. 1984 - present

Steve Brown began ACTS in 1984, and volunteers from our church have participated ever since.
