## Introduction

Bethany House was founded in 1979 to address the startling need for a place of refuge for victims of domestic abuse in the DC Metro area. It exists to eliminate domestic violence one family at a time by assisting victims through its safe shelter.

## About Bethany House

### Mission and vision

Est. 1979

Bethany House helps women and their children who have suffered from domestic violence regain health and dignity through crisis intervention, short term housing, and counseling. Once families seeking help are stabilized, Bethany House helps them get reestablished in their community by permanent housing solutions and support.
