Introduction

New Harvest Missions International (NHMI) is a church planting organization in West Africa led by Reformed Pastor Nathaniel Adawonu.

About NHMI Togo

○ Mission and vision

Operating in a predominantly Muslim and nominally Christian area, NHMI Togo aims to establish a generation of true disciples and worshipers in the northern regions of West Africa. Pastor Nathaniel and NHMI strive to deepen West Africans' relationships with Christ by planting churches, training pastors, and providing strong, Reformed education to believers. NHMI also alleviates material needs for communities in Togo through economic development and well-drilling.

○ Partnering to share the good news 2002 - present

Our church began partnering with Nathaniel in 2002 and has been supporting NHMI Togo in their mission of pastoral training and church planting since it was founded in 2005.

○ Making a difference

Supporting our partners

Your financial support provides pastoral training and meets material needs for the church in West Africa, going to NHMI's general fund, as well as providing for church offices and vehicles.
