HOW YOU CAN GET INVOLVED

PRAY

- For chaplains as they bring the truth of the gospel into places of crisis.
- That chaplains would minister out of their love and fellowship with Christ and for wisdom as chaplains counsel those struggling through tough decisions and questions.

GIVE

- Consider giving directly to the chaplain ministry at the Mission to North America website.

Introduction

The Presbyterian Church in America's (PCA) outreach organization, Mission to North America, oversees this ministry of Presbyterian and Reformed chaplains who reach people across the United States.

About PCA Chaplains Ministry

Mission and vision

PCA chaplains bring the light of Christ into hospitals, correctional facilities, hospice ministries, businesses, and the military. Chaplains bring their ministry of presence all over the world standing at a bedside, praying, counseling, officiating at a graveside service, preaching Christ, or leading Bible studies.

Partnering to share the good news 2010 - present

McLean has partnered with the PCA chaplains ministry since 2010.

Making a difference

Supporting our partners

Our donations help keep chaplains in the places they're needed most by funding their annual salaries.
