## Introduction

Young Life of Northern Virginia seeks to introduce middle and high school students to the love of Christ by meeting them where they are, in a ministry of fun, fellowship, and hospitality.

## About: Young Life Northern Virginia

### Mission and vision

Young life is for every middle school and high school student who wants meaning, fun and the most out of life. Through weekly club meetings, special events, camps, and a leadership development program, Young Life Northern Virginia seeks to intentionally invest in young people and invite them to experience life as God designed it to be lived.
