HOW YOU CAN GET INVOLVED

PRAY

- That the Lord would equip Young Life Scotland staff and volunteers to reach teens struggling with poverty, addiction, and depression.
- That teens in Scotland would not slide anonymously to a lost eternity because they've never heard about Jesus.

GIVE

- Donate to Young Life Scotland through their website listed above.

GO

- Talk to our Director of Student Ministries, Jake Jenkins, about participating in or leading the annual summer trip to Scotland with our high schoolers.

SEND

- If you are unable to personally GO, contact Jake Jenkins or Matt Stone about how you can help SEND a future mission team from our church to support this ministry through prayer and financial support.

Introduction

Young Life International, Scotland strives to reach hurting teenagers in urban areas of Scotland with the gospel of Jesus Christ.

About Young Life International

Mission and vision

Est. 2009

God is using Young Life International, Scotland to bring the gospel to a place with where only 1% of young people have active faiths, substance addiction is rampant, and suicide rates are increasing. As Scottish churches age and shrink, Young Life Scotland is doing the slow work of discipling teenagers and bringing them into the body of believers.

Partnering to share the good news 2015 – present

Young Life International, Scotland began in 2009 in Edinburgh and the ministry has been growing and expanding throughout Scotland ever since. Our church has partnered with Young Life Scotland since 2015 through financial support and annual missions trips (mainly through our Student Ministries).

Making a difference

Supporting our partner

Your giving supports the staffing and ministry expenses of Young Life International, Scotland which allows the gospel to spread to the youth across the UK.
